

# little moments count

a baby has a lot to say,  
and when you respond,  
it's a magical moment.

MINNESOTA

from the weather to what's for lunch,  
talking helps a child learn words.

play, any where and any time. you  
don't need fancy toys.

add in movement and sounds when  
you read, your child will love it.

off key or in tune, singing activates all  
different areas of a child's brain.
